6 KIDOH MODELLING DOUGH

Love-Art® Modelling Dough supports critical skills of the Child's Early Age Development

Playing with dough aids in motor skill development of the kid.

Playing with dough develops the creativity & imagination skill in the kid.

Playing with dough enhances the mathematical ability of the kid.

The most important reason of all : It's just fun.

INSTRUCTION : Ensure to store the KiDoh back in container after use to retain softness. Store it in a cool and dry place. If KiDoh becomes hard, add few drops of water to restore softness.

SAFETY GUIDELINES: • Not to be consumed orally
Wash hands after playing with KiDoh

LEARN to MODEL

Simple modelling techniques for CHILDREN

Make a Groove with Pencil or Moulding tool.

Take small portions of dough and twist to required shapes.

Roll small portions to make dough balls.

Intermix dough balls to form body shape.

Gently stick dough shapes to create your own dinosaur.

BONUS
